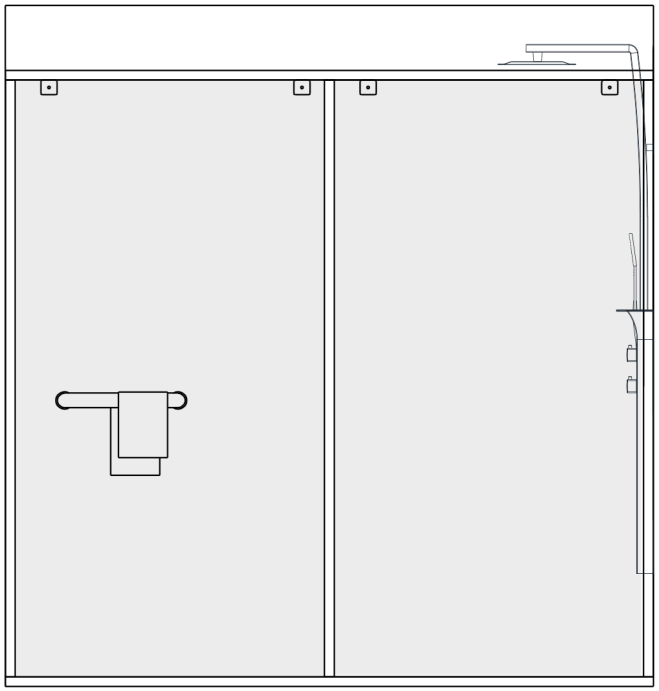
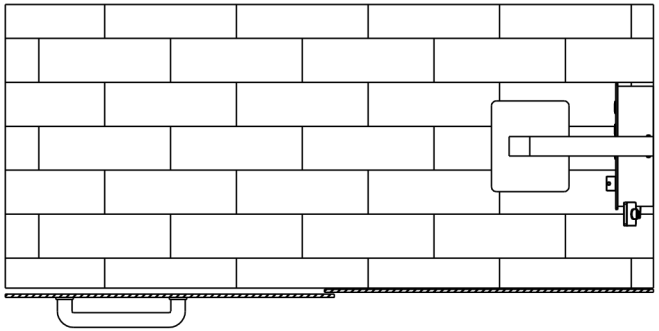
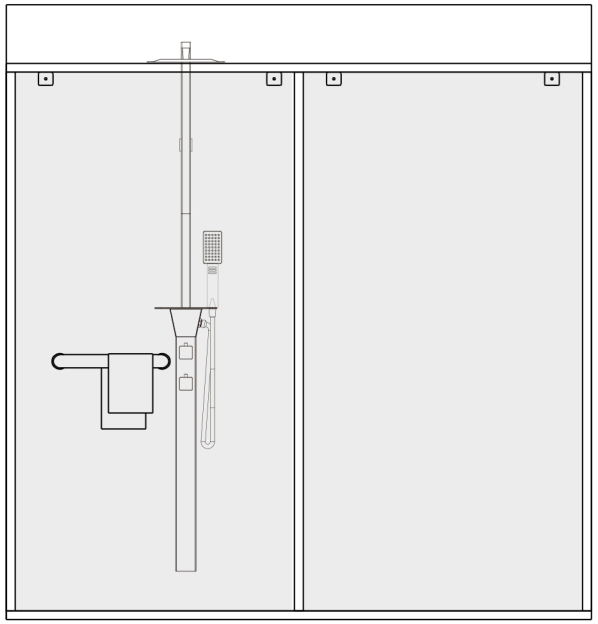
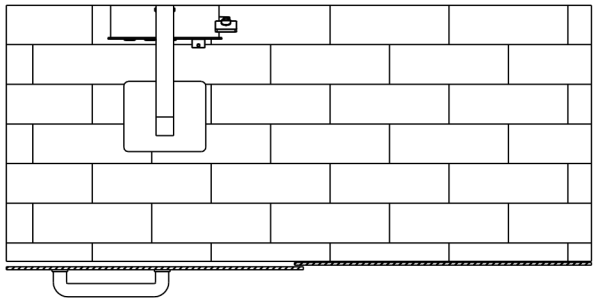
# Installazione Corretta





# Installazione Sconsigliata





**ATTENZIONE:**
Per un'installazione corretta di un Pannello Doccia multifunzione con getti idromassaggio,si sconsiglia l'installazione del Pannello Doccia sulla parete frontale rispetto alla porta del box doccia.
L'installazione corretta del Pannello Doccia deve essere eseguita sul lato della parete perpendicolare alla porta del box doccia per evitare fuoriuscite d'acqua.
